

LOUISIANA CARRY

Attention!

There is a new organization in Louisiana fighting for our right to keep and bear arms- **Louisiana Carry**

Please take some time to visit our web site and familiarize yourself with what we are doing.

Louisiana Carry Mission Statement

Louisiana Carry has several goals. We seek to:

- ✚ Promulgate and promote needed changes to Louisiana law as it relates to the rights of the citizenry to keep and bear arms. We are against gun control in all its forms.
- ✚ To build a legal defense fund to ensure those legally defending themselves have an adequate defense in the court system.
- ✚ Promote firearms safety and training.
- ✚ Maintain an email alert network for individuals concerned about the right to keep and bear arms.
- ✚ Raise awareness of the benefits and necessity of weapons ownership, for defense of people, property and State.
- ✚ Raise awareness of our legal right to openly carry weapons and our prerogative as Louisiana citizens to obtain Concealed Handgun Permits.
- ✚ Educate the public in regards to their actual legal rights and responsibilities under current law.
- ✚ Positively impact the revenue of establishments in Louisiana that support our right to keep and bear arms.
- ✚ Negatively impact the revenue of establishments in Louisiana that disparage our right to keep and bear arms.
- ✚ Raise awareness of current events as they pertain to weapons ownership.
- ✚ Raise the consciousness of the Citizenry in relation to the importance of liberty in all walks of life.

We plan to continue working to accomplish these goals as far into the future as we are able.
